ABOUT OUR PROGRAMS

FREE BUILD

Our Activity Room will be open and stocked with Lincoln logs, blocks, LEGOs, and more. This is unstructured free play and exploration. Parents are required to directly supervise their children and help clean up. Stop by and see what you can build!

OZOBOTS!

Come join us in the Fairhope Library Makerspace to learn how to use Ozobot robots to learn coding, problem-solving, and creative design! We will have interactive challenges that explore color coding and real-world applications of robotics for beginners.

PIRATE SHIP WORKSHOP

The library is having a ship building contest! You can either take a kit home to work on it OR join us Monday, August 31st from 3:30-4:30 to get started! We'll provide tons of craft supplies and materials for you to use!

LEGO CLUB

Do you love LEGOs? So do we! Kids ages 4-12 can come in every week for collaborative play and building. Create your own castle, spaceship, or even a LEGO Brickfilm with your friends. Parents MUST stay in the room with children 6 and younger

HOMESCHOOL HOUR

Come and join us as we learn and create with our friends! This is a great way to meet other homeschool families. Each week we do a different project, from STEM to art to puzzles and ciphers!

POKÉMON CLUB

Calling all Pokémon fans! Join us once a month to watch cartoons, trade cards, play the Pokémon TCG, or do Pokémon-themed crafts and activities! Meet other kids who love Pokémon too!

ART CLASSES WITH EASTERN SHORE ART CENTER

Made possible by the Community Foundation of South Alabama Grant.

Join an Eastern Shore Art Center artist for a weekly art class for kids ages 7-12! Each week will feature a different art project for you to take home. Registration will open up at the beginning of each month for the classes in the following month. (For example, registration for March classes opens at the beginning of February)
